

As schools start with lack of classroom space, lack of necessary personnel, and no money to take care of either problem, we will continue to see what was forecast by Dennis Michael Lynch who will speak at The Decatur Club on Thursday, Sept. 4, at 7 P.M. The event is free and open to the public. His newest DVD documentary will be available.

Dennis will speak with expertise on many topics because of his laser focus on what is happening to our country, such as the Ferguson, Missouri situation; the veterans' problems; the ebola outbreak; and the constitutional questions of governance.

Please put Sept. 4 on your calendar. Those who know Dennis are eager to attend. Calls from Kansas City, Chicago, and all over central Illinois have requested information about his appearance here. Let's give them and Dennis a good Decatur area welcome with a packed house.

Here is an Aug. 19, 2014 Facebook post from DML:.

"This morning I am in Tampa. I interviewed Lauren and Jim Price from Veteran Warriors. Laura, who served in Iraq War, has a terminal lung condition that prevents her from enjoying the simple things in life that go for granted, such as laughing. 'We can't joke around like couples do because it hurts her to laugh', says Jim. The VA made her wait 15 months for a doctors appointment. Tonight, Jim and Lauren are hosting my event in Tampa."
