Hi Jim,

Here is the answer to your question, as provided by Joe Olson at the Pepsi Ice Center:

The USA Hockey report was based on a "snapshot" of all databases taken probably around March 1st. Since then I have added more players with my Spring and Summer programs. Taking the 229 players that I now have in my 8 year old and younger database and sorting them by zip code, I come with the following percentages:

	Players	Percentage
BLOOMINGTON 61701	19	8.30%
BLOOMINGTON 61704	67	29.26%
BLOOMINGTON 61705	31	13.54%
BLOOMINGTON Total	117	51.09%
NORMAL	46	20.09%
HEYWORTH	8	3.49%
HUDSON	7	3.06%
DOWNS	5	2.18%
EL PASO	5	2.18%
CARLOCK	3	1.31%
LEXINGTON	3	1.31%
LINCOLN	3	1.31%
PONTIAC	3	1.31%
TOWANDA	3	1.31%
ATLANTA	2	0.87%
CHAMPAIGN	2	0.87%

DANVERS	2	0.87%
PEKIN	2	0.87%
SEATONVILLE	2	0.87%
CLINTON	1	0.44%
CONGERVILLE	1	0.44%
CORALVILLE	1	0.44%
DECATUR	1	0.44%
DEER CREEK	1	0.44%

Nora, you do NOT need to pursue this question, unless it is readily accessible.

Funded by the COB but enjoyed by many from outside the City.
