**Subject:** RE: FOIA Request (Arcola Twp) 9-22-2013

FOIA Officer

While I appreciate receiving the General Ledger for the Comfort Station Fund in paper format, I specifically stated my preferred format was the electronic format.

The Freedom Of Information Act specifically requires it be produced in electronic format since I requested them in electronic format.

Sec. 6. Authority to charge fees.

(a) When a person requests a copy of a record maintained in an electronic format, the public body shall furnish it in the electronic format specified by the requester, if feasible. If it is not feasible to furnish the public records in the specified electronic format, then the public body shall furnish it in the format in which it is maintained by the public body, or in paper format at the option of the requester. A public body may charge the requester for the actual cost of purchasing the recording medium, whether disc, diskette, tape, or other medium. A public body may not charge the requester for the costs of any search for and review of the records or other personnel costs associated with reproducing the records, except for commercial requests as provided in subsection (f) of this Section. Except to the extent that the General Assembly expressly provides, statutory fees applicable to copies of public records when furnished in a paper format shall not be applicable to those records when furnished in an electronic format.

This email is notice that I consider this request a denial, and I demand the requested public records in electronic format since that is the way they are stored by the township.

You could have saved the township taxpayers \$5.85, plus the envelope, 6 pieces of paper, toner, and 1 staple. would you have simply provided the requested public records as requested.

Please properly comply with this request for records (FOIA Request) dated 9-22-2013.

Thanks

**Subject:** FOIA Request #1 December 22, 2014

In accordance with the Freedom of Information Act you are to provide the following unless exempt as outlined in the law. This is not a question!

1. List of township trustees and their contact information.
2. Complete compensation package for the trustees.
3. Copy of the Freedom Of Information Act and Open Meetings Act Training Certificates for all of the trustees and the FOIA officer
4. Name and contact information of the township FOIA officer.
5. List of all employees and their complete compensation package for the last 5 years.
6. Copy of all complete bank statements since Nov 1,2012 (complete would include ALL pages provided with the mailing of the statements by the bank whether by electronic or US postal mail.)
7. Copy of all complete credit card statements since Jan 1,2012 (Complete would include ALL pages provided with the mailing of the statement whether by electronic or US postal mail.)

I request expedited processing on the basis of an urgency to inform the citizens and taxpayers of Illinois about their government's activities. If any element of this request is denied in whole or in part, I ask that you justify all withholdings individually by reference to specific exemptions of the Act. Please provide all responsive information to me electronically.

In the event that fulfillment of the request requires time beyond the statutory deadline to produce a substantial volume of records, I request a rolling production of records, such that the public body furnishes records to my attention as soon as they are identified, preferably electronically, but as needed then to my attention, at the below address. If you have any questions please do not hesitate to contact me.

If you are not the FOIA officer responsible for any part of this request you are required by law to forward it to the appropriate FOIA officer.

The purpose of the request is to access and disseminate information regarding the legal rights of the general public and is not for the principal purpose of personal or commercial benefit.

As outlined in FOIA, documents shall be furnished without charge or at a reduced charge, as determined by the public body, if the person requesting the documents states the specific purpose for the request and indicates that a waiver or reduction of the fee is in the public interest. Waiver or reduction of the fee is in the public interest if the principal purpose of the request is to access and disseminate information regarding the health, safety and welfare or the legal rights of the general public and is not for the principal purpose of personal or commercial benefit.

I am requesting the records be provided in electronic format if that is the method in which they are stored. If they are in paper form and the copier can convert them to electronic format I would appreciate receiving them electronically.

Thanks,  
Kirk Allen
