Subject: RE: Student Led Demonstration March 14 2018

Hi all – Please help supervise in your hallway during this event today. There should be an administrator close by in each hallway if you need assistance.

Thanks!

AJ

Subject: Student Led Demonstration March 14 2018

Hey all

Attached is the updated demonstration info. Please review and give any feedback.

Supervision: if have 3rd hour prep, please plan to help supervise in your hallway during the student demonstration.

If you have 3rd hour class, please plan to work with your buddy teacher to help cover the students in your room, or in the hallway outside your classroom.

We will turn off the bells after 3rd hour ends. They will remain off until right before the start of 4th hour.

Students are expected to stay in the hallway, during the demonstration – sitting quietly.

If students choose to stay in the classroom, please encourage them to remain quiet so they don't disrupt the demonstration.

Students are to stay either in their classroom or in the hallway outside their classroom until the announcement is read ending the demonstration.

Sorry for so many details via email. Any questions, let me know.

thanks
