Hi Jeff

I just wanted to thank you. [REDACTED]
[REDACTED]

I want to assure you that Amber will not fail. She is motivated to exceed the expectations the court requires. She is truly dedicated to help others who have addictions and help those in need that end up turning to drugs and alcohol as an escape to their problems.

Our non-profit Project Share is making great strides towards providing a 'Helping Hand' to those who just need help to get back on their feet. Amber will be a success story leading Project Share and will serve as an inspiration to others in show anyone can turn their life around.

Thank you for giving her that chance.

Sincerely
Richard Buck
