Under the Illinois Freedom of Information Act, 5 ILCS 140, I am requesting copies of the following records: -- Any permit applications submitted in calendar year 2019 for work being done at the Rivian manufacturing plant (Mitsubishi Motorway / Rivian Motorway).
-- Any permits issued in calendar year 2019 for work being done at the Rivian manufacturing plant (Mitsubishi Motorway / Rivian Motorway). I understand that the Act permits a public body to charge a reasonable copying fee not to exceed the actual cost of reproduction and not including the costs of any search or review of the records. However the law allows you to impose a waiver or reduction of fees when information is sought in the public interest, as is the case for this request. These records are in the public interest given that they may reveal important information about the local economy and a major local employer. I am requesting electronic copies of these records. I look forward to hearing from you in writing within five working days, as required by the Act 5 ILCS 140(3). Thank you for considering and responding to this request.

you recently (yesterday) attempted to send me two ambulance run reports. The box shows both reports and a copy of the Letters of Office available to download. When I click download all, all I get is the run for July 6, 2019. When I try to click on the link for the just the run for June 18 2019 nothing downloads. Could you send me the run report for just June 18th again, by itself? The reference number for the original FOIA is R000215-081219

Hello, I am conducting a Phase I Environmental Site Assessment for a property located in McLean county and I would like to ask a few questions regarding the property boundaries and potential environmental concerns. I believe the property is located in the Village of Normal; however, the property address I have is **Privat** N 1425 East Road, Hudson, IL 61748. The property is occupied by Nussbaum Transportation and is currently undergoing parcel mergers which result in, I believe, a 68-acre parcel identified as 14-04-300-012. • Do you have the property tax information, including a map, for the property? • Are you aware of any environmental concerns associated with the property, such as petroleum or hazardous substance releases, abandoned wells or septic systems, the presence of storage tanks, or the use of hazardous materials at the property? Thank you!

I suspected that someone had been entering my apartment without consent and they confirmed that suspicion. Bills Lock and Key came out and changed the locks for me that same day. Hi, Organization: Intelligence-R-US What I understand from the email I am responding to is that the Canine handler's do not write incident reports on certain issues, or the reports are not correlated in such a way that recovery may be burdensome. To narrow my original request I request all written incident reports from the Canine handler's from 2019, 2018, and 2017. I will call upon NATIONAL ASSOCIATION OF CRIMINAL DEFENSE LAWYERS vs. CHICAGO POLICE DEPT., nos. 1-08-2073 and 1-08-3414 (1st dist. 4th div. (2010)); "On remand, the parties should presume that all requested documents in the open investigations are to be produced, subject to the agreed redactions." Once again a request is being made for ALL INCIDENT REPORTS WRITTEN BY CANINE HANDLERS. Starting with the most current dates working into the past until 200 pages are reached or 8 hours of labor time is achieved. Please stop at whichever comes first. That should give me a well rounded test sample for my Project, Let's Burn One. Thank you.

With respect, [REDACTED]

On the date of October 17th, 2018 there was a dispute between my roommate, [Invasion] and myself. While intoxicated [Invasion] called the police after getting physical with myself and other individuals who were around and tried telling authorities we "jumped him". Knowing this wasn't true, myself and the other individuals called the police as well to explain the situation. When Normal PD arrived they were able to determine our side of the story was correct. Although I did not wish to press any charges, the police officer informed me a report must be filed because of the domestic circumstances with myself and [Invasion] living together. Crash report
Auto theft

201926-267 3/11/19 accident

My son (not a juvenile) was involved in an accident on Saturday, March 23, 2019. I have agreed to help him to get information for the crash as he was not at fault. He is an Uber driver and his passenger opened a door on the street side as a bus was passing by, damaging his driver's side rear door as well as the Connect Transit bus. The police officers on the scene told my son that the passenger was being charged with improper opening of a door and that she was definitely at fault. After the crash she left the scene and had to be retrieved from the train station where she had proceeded to purchase a ticket and was waiting for her train to arrive. As of now we have no information as to who the passenger is (Uber will not release the information). Uber is covering the damages less \$1000 deductible. Since this is my son's only source of income at this time he needs to get the door fixed before he can continue to work. He is wanting to see if he has any recourse as to collect the deductible from his passenger. We hope that the report will aid us with the information that we need. [redacted] is the name of the Connect Transit bus driver, not the passenger.
