Please see the attached memorandum. It explains the rights of immigrant students to equal educational opportunities, to be free from harassment or discrimination, and to privacy of their school records and information. It also explains the process to follow if you receive outside requests from ICE or other agencies for student records or information, or ICE or other agencies seek to interview or detain students at school. Please share this memorandum only with other administrators. A separate message will be sent to staff with bullet points. Please let me know if you have any questions.

Thanks,

M. Curt Richardson
Attorney for the District
McLean County Unit School District No. 5
1809 W. Hovey Ave.
Normal, Illinois 61761
(309) 557-4082
